Amboli, District Pune: 412111

Innovation Filter System Pvt. Ltd. offers a wide range of compact band filters for filtering out fine dust from cutting fluids.

Features:

- Suitable for fine filtration
- Very low maintenance
- Totally automatic operation
- Very compact design for individual machine
- Can be customized to suit your requirement
- Filtration capacity: 30 lpm to 3000 lpm

Advantages:

- Increase tool life
- Increase surface finish of components
- Extending coolant life
- Reduces hazards waste
- Cleaner working environment
- Reduces machine down time
- Increased machine output

Application:

- Bearing industry
- Auto component manufacturers
- Automobile manufacturers
- Cold Rolling mill
- Waste water treatment plants
- Food processing

Models:

Models	CBF-350	CBF-650	CBF-1000	CBF-1500
